

Welcome to the Thai Orchidee Restaurant

The Thai Orchidee was opened in April 2004. At that time this was daring but also exotic. With a lot of passion the Thai Orchidee has asserted itself with hard work and quality, has been offering a cuisine that enchants every palate ever since.

Typical of our Thai cuisine is the variety of spices and the high proportion of fresh products. We also use for the preparation largely regional Swiss, as well as original Thai ingredients of the highest quality and goodness.

The majority of our vegetables are produced in organic farming. Our meat comes from local Swiss farmers and poultry farmers.

We don't compromise on the freshness and quality of our raw materials and ingredients.

Let yourself be enchanted by our intense taste nuances.

We wish a good appetite.

Or as the Thai would say: ทานให้อร่อยนะ
